### A message

For more than a decade, the South Florida Water Management District has been engaged in cooperative funding programs for alternative water supply projects.

Vastly increased demands on natural supplies of freshwater led the Florida Legislature in 1995 to enact F.S. 373.1961(2). This statute fulfills the legislative intent that the Water Management Districts share their ad valorem revenue with those entities willing to develop cost-effective, safe, and appropriate alternative water supplies.

To that end, the 2002 Funding Program Guidelines describe the requirements for this funding program and provide instructions on how to apply for funding for capital project involving alternative water supply development. Many working projects in South Florida have been funded using this program, saving or off-setting millions of gallons of water every day.

On behalf of the South Florida Water Management District, I encourage you to use this opportunity to provide capital facilities for alternative water supply systems in Water Resource Caution Areas within your County.

Through the development of alternative water supplies, we can reduce or eliminate many of the threats to our water supply, and to the environment.

Frank Finch, P.E. Executive Director

rask. Juik

### Funding Application Deadline and Mailing Instructions

**Deadline:** April 2, 2001, 5:00 p.m. (close of business)

**Copies:** 15 copies of the application, which includes 1 marked "Original" must

be submitted in a sealed container.

Submit to: South Florida Water Management District

Procurement Division, B-1 Building, 2<sup>nd</sup> Floor

3301 Gun Club Road

West Palm Beach, FL 33406

The sealed container shall be clearly marked on the outside, "Alternative Water Supply Funding Application" including the applicant's return address. The District assumes no responsibility for applications not properly marked. Receipt of an application by District office, receptionist or personnel other than the Procurement Division does not constitute "delivery". Applications submitted via facsimile transmission shall not be accepted.

Inquiry Period: January 2, 2001 to March 30, 2001

Applicant may contact the District to discuss its proposed application. Inquiries will not be entertained beyond March 30, 2001.

### **Direct Inquiries to:**

Cathy Richards
Telephone No. (561) 682-2813
Fax No. (561) 682-5009

### mission statement

The Mission of the South Florida Water Management District is to manage water resources for the benefit of the region, balancing the needs of the present generation with those of future generations. Equally important elements of this stewardship are the conservation and development of water supply, the protection and improvement of water quality, the mitigation of impacts from flood and drought, and the restoration and preservation of natural resources.

To accomplish the mission described in the previous paragraph, we are working to restore and manage ecosystems and protect water quality from central Florida's Kissimmee River to Lake Okeechobee, and from coast to coast, spanning the peninsula from Fort Myers to Fort Pierce, south through the sprawling Everglades to Florida Bay. We are also working to improve and plan for long-term water supply and flood control needs through a number of District programs, and through the Restudy of the massive Central and Southern Florida (C&SF) Flood Control Project.

### **POLICIES AND GUIDELINES**

### **General Requirements**

This section contains general information about the requirements for the funding program. The application information and review process is provided in the subsequent sections. Every applicant must follow the requirements in this section.

### **Definitions**

"Applicant" - All applicants including water providers and users, local governments, water, wastewater and reuse utilities, municipal, industrial and agricultural water users, public and private water users.

"Application" - A binding written document, consisting of terms and obligations that will form the basis of the relationship between the District and the applicant.

"Best Efforts" – Documented, result-oriented efforts undertaken by the applicant to meet or exceed the Minority/Woman Business Enterprise (M/WBE) target and/or documentation substantiating geographical, policy and/or legal constraints that prohibit efforts the applicant may undertake to comply with the M/WBE provisions.

"M/WBE Utilization Plan" – documents submitted by the applicant pursuant to the Minority/Woman Business Enterprise provisions of this application. The Plan details the results of the applicant's "best efforts."

"Target" - A numerically expressed objective that is based on an estimate of the available M/WBE firms in the District's market area that may participate as subcontractors or prime contractors on eligible projects.

The M/WBE target for FY00 Alternative Water Supply Funding is 12%. (Please read the M/WBE section for more information).

"District" - The South Florida Water Management District.

"Funding" - An allotment of monies disbursed towards the payment of capital or infrastructure costs for the construction of alternative water supply systems that provide alternative water supplies for uses within one or more water resource caution areas.

"Project" - The written description included in the application that will determine the eligibility for funding.

"Project Cost" - The total capital or infrastructure cost of an alternative water supply project located within the water resource caution areas of the South Florida Water Management District.

"Recipient" - The applicant that has been awarded funding in support of a project.

"Ineligible" – A determination that the application does not comply with the material requirements of the funding program.

### **Application Submission**

All applications must be submitted in a sealed container and received by the District on or before April 2, 2001. The sealed container shall be marked on the outside as follows: "Alternative Water Supply Funding Program," with applicant's name and return address. The District assumes no responsibility for applications not properly marked. No applicant-initiated amendments, which are postmarked after the final deadline will be accepted by the District.

### **Eligibility**

Failure to comply with any of the items below, such as an incomplete application form, shall deem the application "ineligible." The District will notify applicants of their eligibility. To be eligible, entities shall comply with the following:

- be a public or private water provider or user;
- project must service one or more resource caution areas;
- be operational for at least one year at the time of application and produce certification from the Florida Secretary of State. (if applicant is a corporation or partnership, verify applicant's corporate status and good standing. If applicant is an out of state corporation, provide evidence of authority to conduct business in the State of Florida);
- submit a completed and signed application packet and fourteen (14) collated copies for a grand total of fifteen (15) application packets; have satisfied the administrative requirements of previous funding received from the District;
- agree and be able to match, at least fifty percent (50%) of the total capital or infrastructure costs for the construction of an alternative water supply system;
- submit a proposed M/WBE Utilization Plan indicating the percentage of work to be performed by selected M/WBE firms, the nature of the work to be performed and statements of intent signed by each selected M/WBE firm; and/or
- submit documentation of the best efforts the applicant will undertake to meet or exceed the M/WBE target; or
- submit documentation to clarify geographical, policy and/or legal constraints that prohibit the applicant from complying with the M/WBE provisions;
- provide a letter from the local government land use planning authority certifying that the project is consistent with local government comprehensive plan;
- proof that the local government must require all appropriate new facilities within the project service area to connect and use the project's alternative water supplies;
- proof that funding support shall be applied only for the payment of capital or infrastructure costs for the construction of alternative water supply systems;
- submit evidence of FLDEP and SFWMD Permit Applications on or before September 1, 2001;
- submit evidence of FLDEP and SFWMD *complete* permit application on or before September 1, 2002 prior to the District's budgetary review process to be considered for funding;
- project must be constructed within one year of construction start date.

### **Administrative Compliance Policy**

Applications will not be accepted from organizations that have overdue or outstanding reports on prior funding received from the District. The selection committee will be advised of applicant's previous compliance ability.

### **Funding Compliance Review**

The District shall ensure the proper use of funding and compliance with the requirements of the funding agreement by conducting reviews and other checks or audit of funding records. Examples of the compliance review may include but shall not be limited to:

- on-site visits of the project;
- assurance that appropriate accounting records are maintained; these records are to be sufficient to allow for a proper audit of the project funding expenditures;
- that the recipient files the appropriate reports on the scheduled dates;
- ensuring that funding objectives are met;
- assurance that funding is being expended on allowable expenditures, that is, expenditures related to the purpose of the project.

### **General Funding Costs**

### Allowable Costs:

1) Funding Costs shall be allowed provided that,

they occur or are obligated within the funding period specified on the application; and they are solely for the purposes of the project being funded and can be easily identified as such.

Funding may only be used for the construction of the capital project identified in the application.

### Non allowable Costs:

The following are non-allowable project costs: expenses incurred or obligated prior to, or after, the funding period; lobbying or attempting to influence federal, state, or local legislation; bad debts, contingencies, fines and penalties, interest, and other financial costs; private entertainment, food, beverages, plaques, awards, or scholarships; projects which are restricted to exclusive participation, which shall include restricting access programs on the basis of sex, race, color, national origin, religion, handicap, age, or habitat:

funding used to underwrite other funding programs; contributions and donations to other organizations.

### Withdrawal of Funding Application

Applicants may withdraw their submitted application by notifying the District either in writing or in person through an authorized representative at any time **prior to the submission deadline**. Any individual making the withdrawal shall provide evidence that he/she is an authorized representative of the applicant. Applications, once received, become the property of the District, and will not be returned to the applicant even when they are withdrawn from consideration. Applications, once opened, may not be withdrawn or modified except to the extent agreed to by the District.

### **Development Costs**

Neither the District nor its representatives shall be liable for any expenses incurred in connection with the preparation, submission or presentation of the funding application. All information in the application shall be provided at no cost to the District.

### Disclosure

Upon receipt, applications become "public records" and shall be subject to public disclosure consistent with Chapter 119, Florida Statutes. To invoke any exemption to disclosure provided by law, the applicant must provide specific statutory authority for the claimed exemption, identifying the data or other materials to be protected and stating the reasons why such exclusion from public disclosure is necessary. Should the applicant assert any such exemptions, the burden of establishing the exemption shall be upon the applicant.

### **Rejection of Applications**

The District reserves the right to reject any and all applications when such rejection is in the District's interests. The District may waive minor irregularities contained in an application. A minor irregularity is a variation from the application process that does not affect the requested funding amount or does not give an applicant an advantage or benefit not enjoyed by other applicants, or does not adversely impact the interests of the District. The District may also re-advertise and solicit for other applications when it is considered to be in the District's interests to do so. The District further reserves the right to cancel this application process at any time if it is in the District's interest to do so.

### Award

The applicant understands that this application does not constitute an agreement with the District. No agreement is binding or official until applications are reviewed and accepted by the established alternative water supplies selection committee, approved by the District's governing board, and the parties duly execute an official agreement. The District reserves the right not to issue any funding whatsoever, if to do so is in the best interest of the District.

### **Funding Policy**

The maximum funding amount, which may be requested, is fifty percent (50%) of the total construction cost of a capital project. All projects for funding support must be completed in one year.

### Indemnification

The indemnification clause stated in the Agreement shall only apply to investor-owned utilities or private entities.

### Minority/Women Business Enterprise

The M/WBE target for FY02 Alternative Water Supply Program is 12 percent (%).

Applicants shall take all necessary and reasonable steps or "best efforts" to ensure that Minority/ Woman Business Enterprises have the maximum opportunity to participate on projects financed with District funds. The District shall determine what constitutes "best efforts." In reviewing an applicant's "best efforts," documentation that the District shall consider the following:

- a) the process used by the applicant to identify available M/WBE firms and contract opportunities funded by the District;
- b) the methods used by the applicant to notify and inform available M/WBE firms of such opportunities;
- c) the good faith evaluation of responses from bona fide M/WBE firms;
- d) documentation to substantiate geographical, policy and/or legal constraints that prohibit the applicant from undertaking efforts to comply with the M/WBE provisions.

A list of M/WBE contractors and the Utilization Forms are attached. Applicants may contact the District's Office of Supplier Diversity and Outreach at Telephone: (561) 687-6446, or (800) 432-2045, extension 6446. Fax: (561) 687-6397.

### **Public Hearings**

The committee shall solicit public input on eligible projects, and the applications will be evaluated and scored in consideration of both the written application and the public hearing. The District will schedule all such hearings. After one or more hearings to solicit public input on eligible projects, the committee shall rank the eligible projects and shall submit them to the Governing Board for final funding approval.

### **Application Review Process**

District staff will review each application for consistency with District planning objectives and review the overall application. Staff does not provide subjective evaluations or comments on the content or quality of any funding application; that is the role of the committee as a whole. The alternative water supply selection committee shall rank the eligible projects based on the following suidelines and project eligibility criteria.

<b>Total Points</b>	Criteria	Guidelines for Scoring
10	Avoids Competition	The degree to which the project helps avoid adverse effects of competition for water supplies
. <b>20</b>	Consistency with plans	The degree to which the project furthers the appropriate water supply plan's overall goal or is consistent with specific recommendations contained in the plan
10	Dependable sustainable supply	The degree to which the project supports establishment of a dependable, sustainable supply of water which is not otherwise financially feasible
10	Environmental Benefits	The degree to which the project will enhance isolated wetlands, help protect the Everglades and other environmentally sensitive areas, facilitate aquifer protection, or reduce salt water intrusion
10	Reuse, Storage, Recharge, Conservation	The degree to which the project significantly implements reuse, storage, recharge, or conservation of water in a manner that contributes to the sustainability of regional water sources
0	Minimum Flows and Levels	The degree to which the project brings about the replacement of an existing source in order to help implement a minimum flow or level
10	Innovation	The degree to which the project provides an innovative approach or technology
10	Cost Effectiveness	The degree to which the project demonstrates cost effectiveness in facility design and construction costs, relative to additional water available, and in costs to the end user

### **Application Review Calendar**

January 2001 - April 2001

Applications received by the District. Staff check application for eligibility requirements, notify applicant of application number and status. Applications forwarded to Selection Committee.

April 2001 – July 2001

Applicants are notified of specific dates of the Public Hearings and are encouraged to attend. Staff compile Committee's recommendations

August 2001 - September 2001

Applicant presents to the District evidence of all FLDEP and SFWMD Permit applications. Staff present recommendations to the District's Governing Board members as part of the District's budget process. The Governing Board finalizes awards. Funding award documents mailed to successful applicants for signature.

October 2001

District executes funded project agreements.

October 2001 - September 1, 2002

Applicant to present to the District evidence of all FLDEP and SFWMD Complete Permit applications required for the project. The District encumbers funding for successful applicants and monitoring of the projects begins.

September 1, 2002

Applicant to present evidence to District that FLDEP and SFWMD have deemed all required permit applications are deemed complete.

### APPLICATION INSTRUCTIONS

Applicants are encouraged to read all of the requirements before completing and submitting the application package to the District. Application packages that are not complete as requested (including the correct number of copies) will be declared ineligible and will not be sent to the Selection Committee for consideration.

### **General Comments**

- 1) Before beginning to prepare application, please read the guidelines and instructions.
- 2) Complete all sections and fully answer all of the questions on the application form. Answer the questions in a clear, concise manner.
- 3) Make your application neat, presentable, and easy to read. A typed application is preferred
- 4) Secure all pages of the application copies in the proper order. Do not use hard-sided 3-ring binders or binder clips; spiral binding or small, soft-side 3-ring binders are acceptable. Be certain the margins are wide enough and the binding or hole-punch does not overlap text.

### APPLICATION FORMAT AND CONTENTS

In order to facilitate District review, applications should be organized in the following sequence:

- -Transmittal Letter
- -Application Form/Agreement
- -Detailed Description of Project (Attachment "A")
- -M/WBE Utilization Plan/Final M/WBE Utilization Report (Attachment "B")
- -Funding Proposal
- -Certification from the Florida Secretary of State
- -Completed Alternative Water Supply Criteria Checklist.
- -Readiness Professional Certification by Project Architect/Engineer, copies of FLDEP and SFWMD permits or permit applications

All applications should contain a transmittal letter highlighting the applicant's reasons for requesting funding. The letter, on letterhead, should provide a concise overview of the proposed project. This abstract should briefly summarize the topic to be addressed, the need for the project, the target audience (include identification of District area served), the primary strategies for implementation and evaluation of the short and long-term benefits of the project, and a proposed project management plan. The District particularly solicits an explanation of how the proposal correlates to the mission, responsibilities and goals of the District. The letter must name any and all of the persons authorized to make representations on behalf of the applicant, including the titles, addresses and telephone numbers of each person(s). The letter must declare that the application was prepared without collusion with any other person or entity submitting an application pursuant to the Funding Program. An authorized agent of the applicant must sign the transmittal letter indicating the agent's title or authority.

In addition, attach a <u>letter</u> from the local government land use planning authority certifying that the project is consistent with the local government comprehensive plan. (Do <u>not</u> include plan excerpts.)

### **Application Form**

Each application by any entity shall state the name and address of all persons or entities having an interest in the application. An authorized person or member of the firm making the application must sign all applications. In no case may an application be transferred or assigned by an applicant. The funded application becomes the Agreement, therefore, it is extremely important that project dates, key participants, and proposed funding be accurate.

### **Detailed Description of Project (Attachment "A")**

This section of the application should explain the proposed Statement of Work, including detail of the approach, timetables, design and construction details of alternative water supply improvement(s). The applicant should prepare this section of the application in such a manner that the District can incorporate the proposed "Statement of Work" into the final Agreement with minimal changes. The following <u>must</u> be included in the Statement of Work:

<u>Introduction</u> (Why): A brief historical description of events leading to the current project needs. Explain how this project is consistent with a local government comprehensive plan. Introduce key terms or acronyms that will be referred to throughout the Statement of Work. May describe how the project relates to other on-going or future projects.

<u>Scope</u> (How): A broad, general and brief description of the proposed project. Communicates a global, concise description of work objectives and how those objectives interrelate to achieve the ultimate project goal.

Work Breakdown Structure (WBS) (Who): Methodology and rationale for the proposed approach, including: detailed description of each project element (i.e. step, task and/or phase) including specifics about how tasks interrelate or build upon one another in relation to the objective of the overall project; detailed project description of design for proposed construction projects; project justification and cost/benefit analysis; potential for significant and lasting benefits.

<u>Location of the Project</u> (Where): Describe the location where the contractor's work is to be performed. Please be specific.

<u>Deliverable Schedule</u> (What): A detailed schedule of the project from start to completion. Completion date must be twelve (12) months from the date of Construction Project Start Date.

### M/WBE Utilization Plan (Attachment "B")

A copy of the plan must be submitted with each application.

### **Funding Proposal**

All projects for funding support must be completed in one year, and shall state that, "the request for support shall be applied only for the payment of capital or infrastructure costs for the construction of alternative water supply systems that provide alternative water supplies for uses within one or more water resource caution areas".

Provide evidence of the entities' financial commitment to the proposed project. A draft or an approved budget, or other similar evidence of financial commitment will be acceptable. Clearly state where the basis of the construction costs came from, such as the name of the design engineering firm that provided the construction estimate, and list by item all cost elements associated with the requested funding. The total cost of the project should be clearly stated.

### Certification from the Florida Secretary of State

If the applicant is a corporation or partnership, verifying applicant's corporate status and good standing. If applicant is also an out-of-state corporation, provide evidence of authority to conduct business in the State of Florida.

### Insurance

Insurance coverage shall only apply if the work being performed is on District Property. Please contact Cathy Richards at telephone number (561) 682-2813 for the District's Certificate of Insurance specifying the coverage and limits required by the District.

### The Alternative Water Supply Criteria Checklist

This Checklist must be completed and submitted as part of the application. Failure to include an Alternative Water Supply Criteria Checklist shall be sufficient basis for the District to render the application ineligible.

### **Readiness of the Project –** Please provide documentation as follows:

- a) Professional Certification by Project Architect/Engineer
  Submit the status of the project, i.e., the feasibility, planning, or architectural plans (8 1/2" X 11" reduction) completed to date, and the construction cost estimate should accompany applications. If the foregoing is being done internally, please state.
- b) List and state status of required permit(s) applicable to the project. Attach copy(s) of permit(s), if available. FLDEP and SFWMD permit application(s) must be included to be considered for funding, prior to September 1<sup>st</sup> of the current fiscal year.
- c) Notice of completion of permit applications for FLDEP and SFWMD permits must be submitted to the District prior to September 1<sup>st</sup> of the next fiscal year. Should the permitting element of an application for a construction project not be completed by the District's required deadline, the District will deem the project ineligible for funding.

Project Title:	

This **Agreement** is entered into between "the Parties", the South Florida Water Management **District**, (the "**District**"), and the undersigned Applicant, hereinafter referred to as the "**Recipient**". The **Recipient** warrants and represents that it has no obligation or indebtedness that would impair its ability to fulfill the terms and conditions of this **Agreement**, and shall abide by all legal, financial, and reporting requirements, such as matching funds and final reports for all funding received by the **Recipient** from the **District**.

### **ARTICLE 1 - PROJECT**

- 1.1 The **Recipient** shall, to the satisfaction of the **District**, fully and timely construct and perform all work items described in the "Detailed Description of the Project," attached hereto as Attachment "A", and made a part of this **Agreement**.
- 1.2 As part of the services to be provided by the **Recipient** under this **Agreement**, the **Recipient** shall substantiate, in whatever forum reasonably requested by the **District**, any supporting documentation utilized as a basis for payment by the **District**. This paragraph shall survive the expiration or termination of this **Agreement**.
- 1.3 The **Recipient** shall submit to the **District**, proof of FLDEP and SFWMD permit applications prior to September 1<sup>st</sup> of the current fiscal year, to ensure timely completion of the project.
- 1.4 The **Recipient** shall submit to the **District** notification of *complete* permit applications from FLDEP and SFWMD prior to September 1<sup>st</sup> of the *next* fiscal year, to demonstrate proposed project readiness. Should the permitting element of an application for a construction project not be completed by the **District's** required deadline, the **District** will deem the project ineligible for funding.

### **ARTICLE 2 - TERM OF THE AGREEMENT**

- 2.1 The period of performance of this **Agreement** shall commence on the Construction start date stated by the **Recipient** on the last page of this **Agreement** and shall continue for a period of one (1) year.
- 2.2 The Parties agree that time is of the essence in the performance of each and every obligation under this Agreement.

### ARTICLE 3 - COMPENSATION/CONSIDERATION

- 3.1 As consideration for providing the goods and services required by this **Agreement**, the **District** shall pay the **Recipient** the funding amount as specified on cover page. Such amount is a fixed amount and therefore, no additional consideration shall be authorized.
- 3.2 The **Recipient** assumes sole responsibility for all work, which is performed pursuant to Attachment "A." By providing funding hereunder, the **District** does not make any warranty, guaranty, or any representation whatsoever regarding any of the work performed hereunder, including but not limited to the adequacy or sufficiency of all or any part of work described in Attachment "A".
- 3.3 The **Recipient** hereby agrees that it shall use other sources of funding for all work associated with the design and permitting aspects of the Project. **District** funds shall only be used for capital or infrastructure costs for the construction activities described in Attachment "A".

### ARTICLE 4 – FUNDING PAYMENTS AND REPORTING

4.1 The **District** shall make payment to the **Recipient** upon completion and acceptance of the Project. The **Recipient** shall provide certification that all construction has been completed in accordance with Attachment "A" of this **Agreement**.

The **Recipient**'s invoice shall reference the **District**'s Application Number and shall be sent to the Project Manager at the address stated on the first page of the **Agreement**.

The Recipient shall not submit an invoice to any other address at the District.

- 4.2 The District shall inspect all work and review final reports before authorization of payment is made to the Recipient. The District shall pay the full amount of the invoice within thirty (30) days of receipt and acceptance, provided the Recipient has performed the work according to the terms and conditions of this Agreement. Funding will be withheld if the Recipient has not submitted required reports or met all of the administrative requirements.
- 4.3 Upon award of the **Agreement**, the **Recipient** shall provide to the **District** a detailed schedule of the Project and the M/WBE utilization plan applicable to the construction of the Project. The **Recipient** shall provide three (3) copies of progress reports on a quarterly basis to the **District**, which shall describe the extent of Project completion and provide an updated M/WBE utilization report indicating the M/WBE firms used on the Project. Upon request by the **District**, the **Recipient** shall provide as supporting documentation, all work products associated with the completion of the tasks designated in the Work Breakdown Structure and Deliverable Schedule of Attachment "A", attached hereto to this **Agreement**.
- 4.4 However, failure by the **Recipient** to follow the foregoing instructions may result in an unavoidable delay of payment by the **District**.

### **ARTICLE 5 - PROJECT MANAGEMENT**

- 5.1 The Parties shall direct all matters arising in connection with the performance of this Agreement, other than invoices and notices, to the attention of the Project Managers for attempted resolution or action. The Project Managers shall be responsible for overall coordination and oversight relating to the performance of this Agreement.
- 5.2 All notices, demands, or other communications to the **Recipient** under this **Agreement** shall be in writing and shall be deemed received if sent by certified mail, return receipt requested, to the address stated.

All notices to the **District** under this **Agreement** shall be in writing and sent by certified mail to:
South Florida Water Management **District**Attn: (Project Manager's Name as stated on the first page of the **Agreement**)
(Address as stated on the first page of the **Agreement**)

- 5.3 All notices required by this **Agreement** shall be considered delivered *upon receipt*. Should either Party change its address, written notice of such new address shall promptly be sent to the other Party.
- 5.4 All correspondence to the **District** under this **Agreement** shall reference the District's Application Number.

### **ARTICLE 6 - TERMINATION/REMEDIES**

- 6.1 If either Party fails to fulfill its obligations under this **Agreement** in a timely and proper manner, the other Party shall have the right to terminate this **Agreement** by giving written notice of any deficiency. The Party in default shall then have ten (10) calendar days from receipt of notice to correct the deficiency. If the defaulting Party fails to correct the deficiency within this time, the non-defaulting Party shall have the option to terminate this **Agreement** at the expiration of the ten (10) day time period.
- 6.2 The **District** may terminate this **Agreement** at any time for convenience upon thirty (30) calendar days prior written notice to the **Recipient**. The performance of work under this **Agreement** may be terminated by the **District** in accordance with this clause in whole, or from time to time in part, whenever the **District** shall determine that such termination is in the best interest of the **District**. Any such termination shall be effected by delivery to the **Recipient** of a Notice of Termination specifying the extent to which performance of work under the **Agreement** is terminated, and the date upon which such termination becomes effective.

- 6.3 In the event of termination, the **District** shall compensate the **Recipient** for all authorized and accepted work performed through the termination date. The **District** shall be relieved of any and all future obligations hereunder, including but not limited to, lost profits and consequential damages under this **Agreement**. The **District** may withhold all payments to the **Recipient** for such work until such time as the **District** determines the exact amount due to the **Recipient**.
- 6.4 If either Party initiates legal action, including appeals, to enforce this **Agreement**, the prevailing Party shall be entitled to recover a reasonable attorney's fee, based upon the fair market value of the services provided.
- 6.5 In the event the **Recipient**'s funding becomes unavailable, that shall be good and sufficient cause for the **District** to terminate the **Agreement**, pursuant to Paragraph 6.2, above.
- 6.6 In the event a dispute arises which the Project Managers cannot resolve between themselves, the Parties shall have the option to submit to non-binding mediation. The mediator or mediators shall be impartial, shall be selected by the Parties, and the cost of the mediation shall be borne equally by the Parties. The mediation process shall be confidential to the extent permitted by law.

### **ARTICLE 7 - RECORDS RETENTION**

- 7.1 The Recipient shall maintain records and the District shall have inspection and audit rights as follows:
- A. <u>Maintenance of Records</u>. The **Recipient** shall maintain all financial and non-financial records and reports directly or indirectly related to the negotiation or performance of this **Agreement**, including supporting documentation for any service rates, expenses, research or reports. Such records shall be maintained and made available for inspection for a period of five (5) years from completing performance and receiving final payment under this **Agreement**.
- B. Examination of Records. The **District** or its designated agent shall have the right to examine in accordance with generally accepted governmental auditing standards all records directly or indirectly related to this **Agreement**. Such examination may be made only within five (5) years from the date of final payment under this **Agreement** and upon reasonable notice, time and place.
- C. Extended Availability of Records for Legal Disputes. In the event that the **District** should become involved in a legal dispute with a third party arising from performance under this **Agreement**, the **Recipient** shall extend the period of maintenance for all records relating to the **Agreement** until the final disposition of the legal dispute, and all such records shall be made readily available to the **District**.

### **ARTICLE 8 - STANDARDS OF COMPLIANCE**

- 8.1 The **Recipient**, its employees, subcontractors or assigns, shall comply with all applicable federal, state, and local laws and regulations relating to the performance of this **Agreement**. The **District** undertakes no duty to ensure such compliance, but will attempt to advise the **Recipient**, upon request, as to any such laws of which it has present knowledge.
- 8.2 The laws of the State of Florida shall govern all aspects of this **Agreement**. In the event it is necessary for either party to initiate legal action regarding this **Agreement**, venue shall be in the Fifteenth Judicial Circuit for claims under state law and in the Southern **District** of Florida for any claims which are justiciable in federal court.

- 8.3 The **Recipient** shall allow public access to all Project documents and materials in accordance with the provisions of Chapter 119, Florida Statutes. Should the **Recipient** assert any exemptions to the requirements of Chapter 119 and related Statutes, the burden of establishing such exemption, by way of injunctive or other relief as provided by law, shall be upon the **Recipient**.
- 8.4 Pursuant to Section 216.347, Florida Statutes, the **Recipient** is prohibited from the expenditure of any funds under this **Agreement** to lobby the Legislature, the judicial branch, or another state agency.
- 8.5 The **Recipient** shall obtain, at its sole expense, all necessary licenses, authorizations and permits from the appropriate private party or federal, state, municipal or local agency, and other governmental approvals, prior to commencing performance of this **Agreement**.
- 8.6 The **Recipient** hereby assures that no person shall be excluded on the grounds of race, color, creed, national origin, handicap, age, or sex, from participation in, denied the benefits of, or is otherwise subjected to discrimination in any activity under this **Agreement**. The **Recipient** shall take all measures necessary to effectuate these assurances.

### ARTICLE 9 - YEAR 2000 COMPLIANCE

- 9.1 In the event that the **Recipient**'s performance, as required by this **Agreement**, involves the use and/or delivery of a software and/or hardware product of any kind, the following language shall apply:
  - The **Recipient** represents and warrants that the software, firmware and/or hardware is designed to be used prior to, during, and after the calendar year 2000 A.D., and that the software, firmware and/or hardware will operate during each such time period without error relating to date data, specifically including any error relating to, or the product of, date data which represent or reference multiple centuries.
- 9.2 Without limiting the generality of the foregoing, the **Recipient** further represents and warrants:
  - (1) That the software, firmware and/or hardware will not abnormally end or provide invalid or incorrect results of date data, specifically including date data which represent or reference multiple centuries.
  - (2) That the software, firmware and/or hardware has been designed to ensure Year 2000 Compatibility, including, but not limited to, date data century recognition, calculations which accommodate same century and multiple century formulas and date values, and date data interface values that reflect the century.
  - (3) That the software, firmware and/or hardware include Year 2000 capabilities. For the purposes of this **Agreement**, Year 2000 Capabilities means the software, firmware and/or hardware:
    - (i) will manage and manipulate data involving dates and leap year calculations, including single century formulas and multi-century formulas, and will not cause an abnormally ending scenario within the application or generate incorrect values or invalid results involving such dates; and
    - (ii) provides that all date-related user interface functionalities and data fields include the indication of century.
- 9.3 Included as part of this Year 2000 Compliance Warranty, the Recipient shall provide to the District, at no additional charge, (i) fixes, corrections and updates to the software that are necessary to ensure Year 2000 Capabilities, as defined herein; (ii) advice, consultation and assistance to use the software and/or hardware and diagnose and correct Year 2000 Capability problems that may exist with the software and/or hardware; and (iii) if deemed necessary by the District, replacement hardware which is compliant with this Year 2000 Compliance Warranty.

- 9.4 In the event fixes, corrections and updates of the software are not technically feasible, and this Agreement involves the purchase and/or license and/or receipt of a software, firmware and/or hardware product of any kind, the Recipient shall accept the return of the software and/or hardware if this warranty is breached, and terminate any and all applicable Schedules. Further, the Recipient shall refund to the District the full amount of the License Fee actually paid to the Recipient for the software; and in the case of hardware return, the Recipient shall refund to the District the full amount of the hardware actually paid to the Recipient by the District. In addition to the foregoing, the Recipient shall refund to the District all maintenance fees paid by the District, if any, for on-going support, new software releases and product updates. All such refunds shall be made to the District. Notwithstanding any other provision in the Agreement to the contrary, the District hereby reserves all rights to obtain all remedies to the fullest extent of the law, without any limitation whatsoever, as may be determined by a court of competent jurisdiction (including damages or equitable relief).
- 9.5 The term Year 2000 Compliance Warranty shall mean, collectively, the warranties set forth herein. This Year 2000 Compliance Warranty shall survive the expiration or termination of this **Agreement**.

### **ARTICLE 10 - INDEMNIFICATION AND INSURANCE**

10.1The following indemnification clause shall only be applicable to Investor-owned Utilities or Private Entities

For value received, which is hereby acknowledged, the **Recipient** shall defend, indemnify, save, and hold the **District**, its agents, assigns, and employees, harmless from any and all claims or causes of action, including without limitation, all damages, losses, liabilities, expenses, costs, and attorney's fees related to such claims, resulting from any negligent or intentional act or omission, or the violation of any federal, state, or local law or regulation, by the **Recipient**, its subcontractors, agents, assigns, invitees, or employees in connection with this **Agreement**. The **Recipient** further acknowledges that it is solely responsible for ensuring its compliance and the compliance of its subcontractors, agents, assigns, invitees and employees with the terms of this **Agreement**. The provisions of this paragraph survive the termination or expiration of this **Agreement**.

10.2The following shall only apply if the work is being performed on **District** property.

The **Recipient** shall procure and maintain, through the term of this **Agreement**, insurance coverage reflecting, at a minimum, the limits and coverage conditions identified on the **District's** Certificate of Insurance, attached and made a part of this **Agreement**. The coverage required shall extend to all employees and subcontractors of the **Recipient**. The attached **District's** Certificate of Insurance shall be completed in full, indicating the producer, insured, carrier's name and Best rating, policy numbers and effective and expiration dates of each type of coverage required. The Certificate shall be signed by the insurance carrier's authorized representative.

### **ARTICLE 11 - M/WBE COMPLIANCE**

11.1 The **Recipient** shall take all necessary and reasonable steps to achieve and maintain the M/WBE target for this **Agreement**, and ensure that minority-owned enterprises have the maximum opportunity to compete for and perform under the construction of the project. The **Recipient** shall submit a copy of the Final M/WBE Utilization Report with the final invoice. See Attachment "B".

### **ARTICLE 12 - RELATIONSHIP BETWEEN THE PARTIES**

- 12.1 The **Recipient** is an independent contractor and is not an employee or agent of the **District**. Nothing in this **Agreement** shall be interpreted to establish any relationship other than that of an independent contractor between the **District** and the **Recipient**, its employees, agents, subcontractors, or assigns, during or after the performance of this **Agreement**. The **Recipient** is free to provide similar services for others.
- 12.2 The **Recipient** shall not assign, delegate, or otherwise transfer its rights and obligations as set forth in this **Agreement** without the prior written consent of the **District**. Any attempted assignment in violation of this provision shall be void.
- 12.3 It is the intent and understanding of the Parties that this **Agreement** is solely for the benefit of the **Recipient** and the **District**. No person or entity other than the **Recipient** or the **District** shall have any rights or privileges under this **Agreement** in any capacity whatsoever, either as third-party beneficiary or otherwise.

### **ARTICLE 13 - GENERAL PROVISIONS**

- 13.1 Notwithstanding any provisions of this **Agreement** to the contrary, the Parties shall not be held liable for any failure or delay in the performance of this **Agreement** that arises from fires, floods, strikes, embargoes, acts of the public enemy, unusually severe weather, outbreak of war, restraint of Government, riots, civil commotion, force majeure, act of God, or for any other cause of the same character which is unavoidable through the exercise of due care and beyond the control of the Parties. Failure to perform shall be excused during the continuance of such circumstances, but this **Agreement** shall otherwise remain in effect. This provision shall not apply if the "Statement of Work" of this **Agreement** specifies that performance by the **Recipient** is specifically required during the occurrence of any of the events herein mentioned.
- 13.2 In the event any provisions of this **Agreement** shall conflict, or appear to conflict, the **Agreement**, including all Attachments, and all documents specifically incorporated by reference, shall be interpreted as a whole to resolve any inconsistency.
- 13.3 Failures or waivers to insist on strict performance of any covenant, condition, or provision of this **Agreement** by the Parties, their successors and assigns shall not be deemed a waiver of any of its rights or remedies, nor shall it relieve the other Party from performing any subsequent obligations strictly in accordance with the terms of this **Agreement**. No waiver shall be effective unless in writing and signed by the Party against whom enforcement is sought. Such waiver shall be limited to provisions of this **Agreement** specifically referred to therein and shall not be deemed a waiver of any other provision. No waiver shall constitute a continuing waiver unless the writing states otherwise.
- 13.4 Should any term or provision of this **Agreement** be held, to any extent, invalid or unenforceable, as against any person, entity or circumstance during the term hereof, by force of any statute, law, or ruling of any forum of competent jurisdiction, such invalidity shall not affect any other term or provision of this **Agreement**, to the extent that the **Agreement** shall remain operable, enforceable and in full force and effect to the extent permitted by law.
- 13.5 This Agreement may be amended only with the written approval of the Parties.
- 13.6 This Agreement states the entire understanding and Agreement between the Parties and supersedes any and all written or oral representations, statements, negotiations or Agreements previously existing between the Parties with respect to the subject matter of this Agreement. The Recipient recognizes that any representations, statements or negotiations made by District staff do not suffice to legally bind the District in a contractual relationship unless they have been reduced to writing and signed by an authorized District representative. This Agreement shall inure to the benefit of and shall be binding upon the parties, their respective assigns, and successors in interest.

IN WITNESS WHEREOF, the Parties or their duly authorized representatives hereby execute this **Agreement** on the date written below.

### **Alternative Water Supply Criteria Checklist**

This form must be *completely* filled out with appropriate statements in the space provided (no references to text), including all requested documents, and appear immediately after Certification from the Florida Secretary of State. Failure to properly complete this checklist will result in the application being ineligible. Do not exceed the space provided for answers to each question.

1.	Give a brief description of the project.
2.	Type of alternative supply to be utilized. (Check all that apply.)
	wastewater reuse Stormwater reuse
	reverse osmosis Brine reuse
	blending Aquifer storage and retrieval
	other (describe)
3.	
٦.	Amount of funding requested
	Total project cost
	Percent of project covered by SFWMD
	Source of other funds
4.	Would applicant be willing to accept less than 50% funding?
	yes no
	How would an award of less than 50% affect project timing and completion?
5.	Does the applicant have funds available and budgeted to pay for the Applicant's share of the project cost?
	yes no
6.	If the Applicant is a public utility, does this project appear on its Capital Improvement Plan?
	ves no

7.	Will water from this project directly replace an existing or proposed withdrawal from a potable Source? If no, explain water supply benefit:		
	yes no		
	If yes, state the quantity of potable water to be replaced:		
	Quantity(thousands; million) gallons per (day; year)		
	Identify the potable water source from which the water will be replaced:		
8.	Does the project provide other water resource benefits in addition to water supply, such as improvin water quality? If yes, briefly describe how the benefits are realized:		
9.	List permits necessary for this project - Include copy(s) of permit(s) or permit application(s) {Completed permit application(s) are due prior to 9/1/01, and completed permit(s) are due prior to 9/1/02}:		
10.	Is the project being undertaken in response to permit conditions issued or enforcement actions taken against the Applicant by the SFWMD or any other agency?		
	If yes, explain:		
	Cost associated with permit conditions/enforcement action: \$		
11.	Has the Applicant received funding from the SFWMD for another project since October 1, 1996?		
	yes no		
12.	Is the current application for subsequent funding to a multi-year project previously funded under this program?		
	ves no
